

Your door to the future

A non-profit organisation founded in 2004 and located in the Western Cape, South Africa. We are based in Sir Lowry's Pass Village in Somerset West and service the informal settlements of Sir Lowry's Pass Village, Lwandle, Nomzamo and Chris Nissen Park.

Our objective is to offer **support to children from these under-resourced communities so they can thrive. We provide:**

**Quality education, residential care,
nutrition, trauma support
and life skills training**

The Early Childhood Development (ECD) Centre

The ECD supports 120 children from the local communities. Qualified educators teach little ones in a safe and holistic environment. The aim is to prepare the children for the transition to formal school. The ECD is registered with the Western Cape Education Department (WCED).

The Children's Village (CYCC)

The CYCC provides foster care and a safe living space for children who have been removed from their homes due to trauma and placed here through a court order. In our four fully equipped houses, 25 children from troubled homes are cared for by trained social workers and educators.

The Hope and Light School

The school provides pre-primary, primary and high school education to 400 children from disadvantaged communities. We are an independent school utilising the CAPS curriculum, registered with the WCED, accredited by Umalusi, and our Grade 12s write the NSC examination.
